

Furthermore, we provide outreach services to different institutions.

### Service include :

## Visual Impairment Screening for Elderly

Our eye-care team, including optometrists, provide simple and efficient eye tests to evaluate the health of the eyes.

## Kindergarten Children Vision Screening

**Our Optometrists will visit schools to conduct screening. By early detection and referral, the risk of becoming visually impaired is reduced.**

## Eye Care Talk

**Tailor-made topics depending on the targeted audiences, including:**  
**common eye diseases for the elderly,**  
**living skills for the visually impaired.**

**Our centre has initiated “Visual Impairment Rehabilitation Scheme” to eligible visually impaired individuals.**

(e.g. receiving Comprehensive Social Security Assistance / Old Age Living Allowance).

**After undergoing an eye exam by our optometrist and an assessment by our social worker, financial assistance would be provided to those in need to purchase low-vision devices.**
